Used to major sports competitions, supported by thousands of volunteers from all over the area, the department council is the first partner of the sport in la Vendée: partner of all collective sports playing at the highest national levels (Football, Basketball, Handball...); partner of more than 500 local sports clubs through financial or material fundings to organize their events; main partner of the department's College Sports sections.

In nearly 30 years, the Departmental council supported more than 710 sports facilities (indoor and outdoor facilities).
